HAKRO COTTON TEC® SHIRT

Functional shirt in fine single jersey look with high-quality, fashionable button strip with extra-durable sewn-on, break-proof 4-hole buttons – sewn crosswise and double-knotted for extra firm hold – tone on tone with lasered HAKRO lettering and additional spare button. Darts in the back. Collar seam and inside of side vents as well as button strip are reinforced with tone on tone fabric tape. Made using a special knitting process in which two yarns are processed into a HAKRO COTTON TEC® double face material. This creates a particularly fine single jersey surface on the outside made of long staple, combed and ring spun cotton and a mesh layer made of the functional fiber TRIACTIVE® on the inside. This makes the shirt temperature-regulating because moisture is quickly transported to the outside where it can evaporate. Woven HAKRO neck label made of high-quality warp satin with soft, ultrasound-cut band edges for maximum wearing comfort.

Material Single jersey made of 50% cotton and 50% polyester **Finish** preshrunk **Property** easy-to-clean, breathable, carbon neutral product **Garment finishing** Screen printing, transfer printing, embroidery

Country of origin Laos **Harmonised code** 6205 2000 Product sheet status: 02/2023
